

Sanctity & Dignity of Life

What does this look like?

Spiritual Adoption: What is Spiritual Adoption? Spiritual adoption is a way to adopt those who are suffering physically and spiritually by offering up daily prayers. Those suffering could include babies in the womb who are killed by medical or surgical abortion, or the sick and elderly suffering at home or in nursing homes alone. In Colorado, everyday over 8,000 babies are killed from surgical abortions. This does not include abortions induced through medication. In the past year, thousands of elderly or restricted to their home or nursing home with no one to visit or pray with. **Spiritual Adoption** is a way to pray for the grace and mercy of Jesus for the suffering and most vulnerable souls in need. The Annunciation is celebrated on March 25th and Jesus was in Mary's womb. Each month Jesus was a growing and developing divine human, until he was born into this world on December 25th to be our Savior. Spiritual adoption could be adopting a baby in the womb and praying for them the entire nine months until birth. Spiritual adoption could be adopting an elderly person and praying for the mercy and love of God in their suffering. Please commit to spiritually adopting a soul in need through prayer. You may never know the graces that were dispensed until the final judgement. God will know.

Pray

Jesus, Mary, and Joseph, I love you very much. I beg you to spare the life of the unborn baby [baby's name] that I have spiritually adopted who is in danger of abortion. Amen. Archbishop Fulton Sheen

Father and maker of all, you adorn all creation with splendor and beauty, and fashion human lives in your image and likeness. Awaken in every heart reverence for the work of your hands, and renew among your people a readiness to nurture and sustain your precious gift of life. Grant this through our Lord, Jesus Christ, your Son, who lives and reigns with you in the unity of the Holy Spirit, God forever and ever. Amen

Reflect All Christians must rise up to pray for the protection of all life, the unborn, special needs or disabled, the homeless, the imprisoned and the elderly. We must rise up and make reparation to protect the most vulnerable in our society and be a witness to the dignity and sanctity of all life.
